

CCTV SECURITY

FOR YOUR BUSINESS

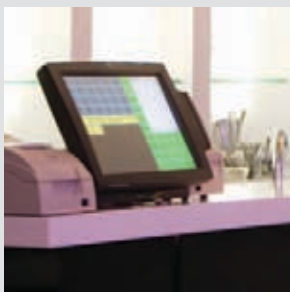

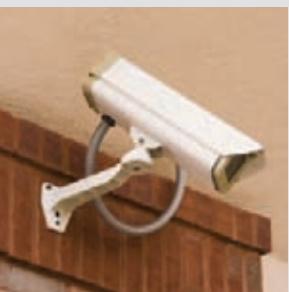

HOW CAN SIMS CCTV HELP YOUR BUSINESS

A CCTV security system from Sims is a sound investment in both your business and your licence.

Under the terms of The Licensing Act 2003, premises which trade after 1am must have a CCTV system that meets the "satisfaction" of the chief constable.

Even if you are not a Late Night Operator, you may find that your local constabulary encourages you to install CCTV if your premises are susceptible to incidents.

SIMS CCTV Security Systems offer a range of efficient, reliable and durable security solutions which represent a valuable investment in the future of your business.

CCTV - SUITABLE FOR A VARIETY OF SOLUTIONS

As a Deterrent – Making those who may cause an incident think twice

As a Comforter – Visible CCTV makes staff and customers feel safer. Also provides back up for security staff if required

Saves Money – CCTV which meets new Licensing Act requirements can lower insurance premiums

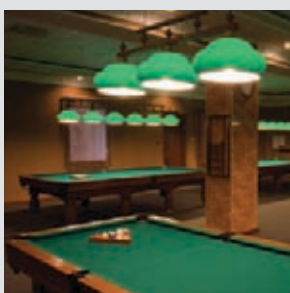

Makes you a Priority – Increases the likelihood of police priority response when used

TILL SCAN

As Documentary Evidence – Loss prevention of stock from employees and deliveries from wholesalers. Till scanning and revenue protection. Evidence gathering for any police investigations or in court cases

As a Management Information Tool – Used in making decisions about how customers and staff operate and behave day to day
